Story of Amateur Cracksman is natural that it was up to Mr. Webb or his carpenter to see to it that the local man was on time.

Honolulu is not New York and when Mr. Webb contracted for the local engagement he must have been aware that the local stage hands were not in the same class with those in a large n city. In his talk Mr. Webb stated that it was his desire to put on the best possible productions in the best possible style, avoiding all faking. That is most commendable and his plan has been carried out to a large extent. Good shows have been the order of things during the engagement of this organization. A majority have been most acceptably presented. A few have been poor. In the majority the work of the company has been excellent, individually and collectively.
